

HUMAN RESOURCES

Associate of Applied Science Degree 10-116-1

The Human Resources Associate of Applied Science degree prepares students to assist small to mid-sized organizations in effectively recruiting, developing, and utilizing their human resources. Students learn how to maximize the human potential for the benefit of the organization. This field of employment requires knowledge and skills in the following areas: occupational job analysis, compensation, benefits, training, staffing, employee relations, safety, and human resources information systems.

Careers such as HR Generalists or HR Specialists can be found in any non-profit, service or manufacturing organization. Human Resource Specialists can focus on areas such as employee recruitment/ interviewing, employee training and development, wages and compensation, benefits, employee wellness, and occupational analysis. Students will have an opportunity to prepare for various related certifications such as from the Society of Human Resources (SHRM) and OSHA.

Upon successful completion of this program, students will be able to:

- · Design an organizational workforce plan
- Develop training programs
- · Analyze organizational total rewards programs
- · Incorporate employment law into business practices
- · Apply employee relations techniques

Graduates Have Found Employment As:

- HR Manager/Coordinator/Administrator
- · Training and Development Manager
- Compensation and Benefits Coordinator
- · Employment and Placement Specialist

- · Recruitment Specialist
- · Labor Relations Specialist
