
OFF-CAMPUS CONDUCT

Temporary Suspension When Certain Criminal Charges are Pending

The College may temporarily suspend any student when certain charges are pending against that student, subject to the procedures set forth in this guide. Specifically, a temporary suspension may be mandated where the crime involves an act of violence, the sale, manufacture or delivery of drugs, or any other conduct that is egregiously offensive to the College's mission.

Emergency Suspension

The College may remove any student where the continued presence of the student on campus poses a threat to the safety or rights, welfare, or property of another, subject to the Student Code of Conduct Procedures.
